9 YELP! INC., a Delaware corporation,

11 **ORDER REGARDING
PROPOSED SCHEDULE FOR
CLAIM CONSTRUCTION**

12
13 Defendant.

14
15 The case management scheduling order set a technology tutorial for September 21, 2011,
16 and a claim construction hearing for October 5, 2011 (Dkt. No. 88). As instructed, the parties
17 submitted a proposed briefing schedule leading up to the claim construction hearing. The
18 proposed schedule sets briefing to conclude on September 21 — the day appointed for the
19 tutorial. The proposed schedule, however, does not include a tutorial (Dkt. No. 98).

20 If the parties wish to forego having a tutorial, then the proposed briefing schedule would
21 be acceptable. If the omission of the tutorial from the proposed schedule was an oversight, then
22 the briefing schedule must be adjusted. Claim construction briefing must be completed two
23 weeks before the tutorial in order to allow for adequate preparation by the Court.

24
25 The parties are requested to clarify or revise their proposed schedule in light of this
26 guidance. An amended proposed schedule should be filed by **NOON ON JUNE 3, 2011**.

27
28 **IT IS SO ORDERED.**

Dated: June 1, 2011.
